

Meeting in Czech Republic took place from 1st of October till 5th of October 2018.

During these days in Czech Republic teachers Guna Savicka and Inga Ozoliņa as well as two students - Elīza Gunta Millere and Lība Vinšteina participated in all the activities, workshops and excursions prepared by Czech teachers and students.

Students stayed in host families and most of the time was spent in two towns Staré Město and Uherské Hradiště. During the visit students and teachers learned interesting facts about life many years ago when there was no electricity.

“The feeling when you are in an exchange program is amazing. You get to meet new people, explore the culture and gather some new contacts and some of them surely will last a lifetime. In Czech Republic I met a ton of new people, from very different cultures and everyone has their town opinion on life, which is the most interesting thing when you get to travel. I can assure that the trip was a lot of fun and full of experience, which will surely help in life. All of the people were amazing and very outgoing. And that is the best part - people.”

Elīza Gunta Millere 11.2

“One week in Czech Republic was definitely not enough. The time, that I spent there was amazing and all the people, that I met became my friends. "Memories will keep us together" is the moto of this Erasmus+ project and I truly believe in that, because I hope one day I can go back to Czech Republic and meet all of those people again. I could not wish for a better host family, because of the great food they made for me, kind atmosphere and attitude at home and because of how much they cared about me. The program was very well planned and organized, I really enjoyed all the events and trips we had but my favorite events were the goodbye party and workshop of folklore dancing and singing. I spent a lot of my free time together with other exchange students from Czech Republic, Poland, Lithuania, Spain and Italy. We went bowling to a very nice place, we had a nice BBQ evening and we spent a lot of time in Uherske Hradište. I

met so many amazing people not only from Czech Republic but from other countries as well and made very close friends. This week was one of the best weeks in my life and I wish the exchange time was longer. After this week I am sure, that Czech Republic is one of the best places where to go on an exchange program.”
